

Planning for Services in Hocking County in SFY 2025

November 2023

Attached is a beginning listing of Strengths, Weaknesses, Opportunities and Threats in Hocking County. This list was developed from taken from four sources:

1. Community plan priorities
2. 2022 Voinovich School needs assessment
3. 2023 Request for Information solicitation
4. Staff Identified items from our conversations and observations

Please take it home to review and in December, we will send out a short questionnaire to get your feedback. As you review this preliminary list, please consider the following questions:

1. What services/issues are missing from this list?
2. What other data or information would be helpful for understanding the needs/opportunities?
3. Which of the listed items would you like to better understand?
4. Are there any items/issues that you see as priorities for consideration?
5. What other information would be helpful?
