

TASC of Southeast Ohio

A Bridge Between Justice and Treatment

Dear 317 Board:

TASC of Southeast Ohio is doing well. We have just hired a second Clinical Supervisor, Justin Saunders who will be covering Athens, Hocking and Vinton Counties when Shelly Neff, our other Clinical Supervisor is on vacation or taking time off. Justin comes from The Children's Hospital in Columbus and has spent his past 7 years in a clinical supervisor role. In the near future, we will be rolling out our mental health services in which he and TASC's Administration will be heading up.

TASC is presently working on a training conference to be held in August of this year. It will be held for all of the TASC programs/agencies in Ohio. We look forward to this endeavor.

Thank you for your continued support of TASC of Southeast Ohio.

Sincerely,

Stephen K. Thomas, CEO
