

AGENCY UPDATE

October 26, 2026

ORH Certification: Currently certified through March 2028

Women for Recovery would like to share the following agency updates:

CENSUS

We continue to have referrals primarily from treatment centers, SEORJ, and Marysville along with recommendations from local probation and parole officers. Our current census is 8

FACILITY/ACTIVITIES

- Regular activities in our meeting space include a weekly recovery meeting, acupuncture, qigong, trauma-sensitive yoga, strength & conditioning, and music therapy.
- We continue to work with Rural Action monthly as residents participate in a trail building/trail reconstruction project on a segment of the Buckeye Trail. This is a grant-funded project through Rural Action where the focus is women building camaraderie and learning new skills together. The next project is November 7th.
- We are hosting a Financial Workshop run by OU Econ students; there are three sessions in October with the goal of improving overall awareness of money, budgeting, and the benefits of an actual bank account versus virtual options. OU HCOM students will be conducting a women's health summit in November and December, and OU students in sociology/criminology visited Serenity Grove 10/13 and 10/15 to learn more about addiction and recovery.
- Current house projects: raking leaves, cleaning gutters, and improving a concrete pad entrance to the meeting space.

Respectfully submitted

 10/20/2026
Betsy Anderson, Executive Director
